

HKM supports WBFSH

HKM goes out on a limb where the future is concerned. This is reflected in the sponsoring concept of the company which from now on also engages for up-and-coming horses, in addition to their existing commitment to up-and-coming riders. The supplier of riding equipment signed a sponsor agreement with WBFSH.

HKM looks forward to help the four-legged rising stars on their way to TOP-Sport and to support the TOP-Breeders of the year as a token of recognition of their breeding achievements.

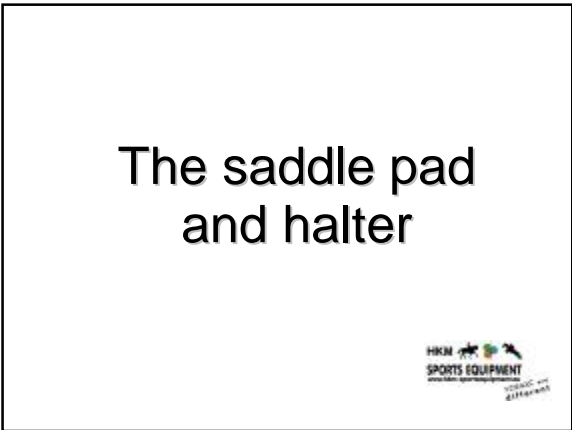

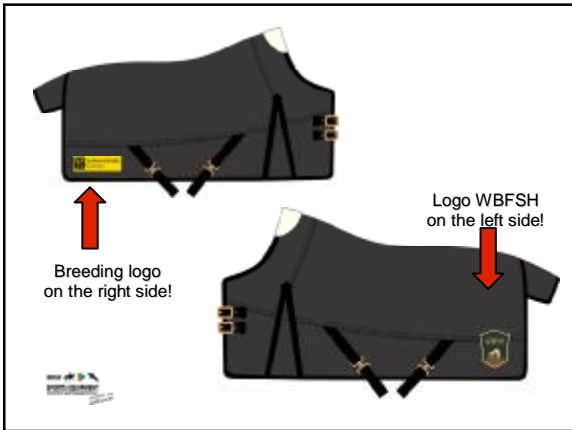

HKM supports WBFSH

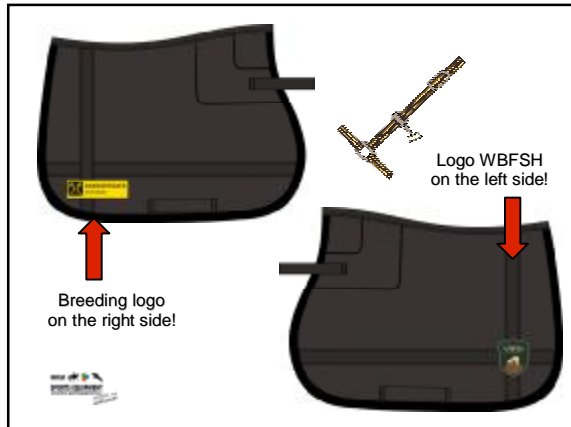

The agreement includes:

- to supply the WBFSH officials with jackets
- to give prizes of honour in terms of jackets, halters and coolers for the medalists of the World Breeding Champions of Young Jumping, Dressage and Eventing Horses at the events in Verden, Lanaken and Lion d'Angers
- to supply the breeders of the most successful horses in the FEI/WBFSH-Rankings of Jumping, Dressage and Eventing Horses with jackets, halters and coolers
